How do I Enable Cookies?

We use cookies only to help identify you when you visit our store and to customize your experience. The cookies make your use of the site easier, allow you to retrieve an earlier shopping cart, make the site run more smoothly and help us to maintain a secure site. You will be unable to shop on our site without your browser set to accept cookies.

You cannot complete a purchase or take advantage of certain features if you set your web browser to refuse cookies from our website.

Below are basic instructions for adjusting your browser to allow cookies. If you do not see information for the browser you use, please consult your documentation or online help files within your browser window.

To determine which browser version you have, click on help, then click the "About" option.

Internet Explorer 8.x

1. Click on the Tools-menu.
2. Select Internet Options in the menu - a new window opens.
3. Click on the Privacy tab near the top of the window.
4. Move the slider to one of the levels below Medium High (including Medium, Low, Accept All Cookies).
5. Save changes by clicking OK.
6. You should be able to add items to your shopping cart now.

Internet Explorer 6.x and 7.x

1. Click on the Tools-menu.
2. Select Internet Options in the menu - a new window opens.
3. Click on the Privacy tab near the top of the window.
4. Move the slider to one of the levels below Medium High (including Medium, Low, Accept All Cookies).
5. Save changes by clicking OK.
6. You should be able to add items to your shopping cart now.

Mozilla Firefox 3.5:

1. Click on the Tools-menu in Mozilla.

Order Information

2. Click on the Options item in the menu - a new window opens.
3. Click on the Privacy tab.
4. Ensure that the Accept cookies from sites box is checked.
5. Save changes by clicking OK.
6. You should be able to add items to your shopping cart now.

Opera 10:

1. Click on the Tools-menu in Opera.
2. Click on the Preferences... item in the menu - a new window opens.
3. Click on the Advanced Tab.
4. Select the cookies menu on the left side of the window, and verify the Accept Cookies radial button is filled.
5. Save changes by clicking OK.
6. You should be able to add items to your shopping cart now.

Safari:

1. Click on the Safari-menu in Safari.
2. Click on the Preferences... item in the menu - a new window opens.
3. Click on the Security icon near the top of the window.
4. Under Accept Cookies, you must select the Always or Only from sites you navigate to tab.
5. Save changes by clicking OK.
6. You should be able to add items to your shopping cart now.

AOL version 8 & 9:

1. Click Settings on the main toolbar.
2. Click Preferences.
3. Click on Internet Properties (WWW).
4. Click on the Security tab.
5. Click on the Internet Zone, then click on the Custom Level button on the bottom of the window. The Security Settings window will appear.
6. Scroll down until you see Cookies.
7. Click Enable under the "Allow cookies that are stored on your computer" subheading.
8. Click OK to exit.
9. You should be able to add items to your shopping cart now.

AOL version 7:

1. Click Settings on the main toolbar.
2. Click Preferences.
3. Click on Internet Properties (WWW).
4. Click on the Security tab.
5. Click on the Internet Zone, then click on the Custom button on the bottom of the window. The Security Settings window will appear.
6. Scroll down until you see Cookies.

Order Information

7. Click Enable under the "Allow cookies that are stored on your computer" subheading.
8. Click OK to exit.
9. You should be able to add items to your shopping cart now.
